Exhibit 7: Attorney Saldana's hand-written scheme to obtain text messages:

- ① Mr. K will go to Advanced Atty Service
- ② Mr. K will ask Advanced for a copy of all docs produced pursuant to Subpoena(s)
- ③ Mr. K will not get a copy in paper or electronically, IF that means plaintiff's counsel must also get all docs too.
- ④ Mr. K will, either at the deposition officer's office, or with his paper copies, review all texts / e-mails etc. for claims of privilege.
- ⑤ Mr. K will -- within 30 days -- produce all non-privileged docs: the privilege log to plaintiff's counsel's office by personal delivery.
- ⑥ If any pages of the T-Mobile response mix privileged and non-privileged material, Mr. K may redact the privileged material on a copy (not the original) and produce the copy w/ the privilege log pursuant to paragraphs above
