ANDY BEEM, GEORGE REEVES AND MARKUS RAFFEL DESCRIBE FURTHER FLIGHTS WITH THE AUTHENTIC LILIENTHAL REPLICA

This time we were confident. It was going to work. We'd shipped Otto Lilienthal's masterpiece, the *Grosse Doppeldecker* (large biplane), over from Germany to the NASA Ames Research Center in Mountain View, California. Volunteers at NASA had helped load the bulky wooden box on top of a U-Haul trailer behind my friend JT's pick-up truck!
